

Postdoctoral Position

A 2-year Postdoctoral Position is available in the group of Assist. Prof. Daniela Kalafatovic at the University of Rijeka, Department of Biotechnology for the work on the project *Design of Short Catalytic Peptides and Peptide assemblies* founded by the Croatian Science Foundation (<https://deshpetlab.uniri.hr/>).

Applicants should have a PhD in Chemistry and previous experience in the characterization of peptide nanostructures. Good knowledge of analytical and mass spectrometry methods is required. Additionally, excellent written and spoken English is a must (if preselected, an online interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, write reports, and articles.

Applications should be addressed to Assist. Prof. Daniela Kalafatovic and sent via email in one single PDF to daniela.kalafatovic@uniri.hr before the 1st of April 2022,

including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a description of previous research (1-2 pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.
